Technical Skills

Programming Languages: JavaScript, TypeScript, Java, C#, SQL

Frameworks & Technologies: React, Vite, Node.js, Express.js, MongoDB, Tailwind CSS, Socket.io, JWT, Google OAuth, Cloudinary, Unity

Tools: Git, GitHub, VSCode, Postman

Work Experience

Frontend Developer Intern

Philippine Coast Guard (CGWCEISC) — March 2025 – May 2025

- Developed the front-end of an Inventory Management System to support efficient equipment tracking, building a responsive and user-friendly interface using React.js and Tailwind CSS.
 - Collaborated with backend developers and stakeholders in an Agile environment. Improved user experience through UI feedbacks and optimized component structure.
-

Projects

TSIKA

Real-Time Chat Application — React, Vite, Express.js, MongoDB, Socket.io

- Developed a full-stack real-time messaging application featuring instant messaging, online presence indicators, live user updates, and a responsive mobile-first interface.
- Implemented Socket.io-powered real-time communication, JWT authentication, Cloudinary-based profile uploads, personalized theme customization, and dynamic conversation management features.

RENTARA

Property Management Web Application — React, Vite, Express.js, MongoDB

- Built the admin-side MVP with features for managing properties, listings, and user-related data through a responsive and user-friendly interface.
- Implemented a secure authentication using JWT and Google OAuth, with Cloudinary integration for image upload and storage management.

PLANTITOTITA

Capstone Thesis Project — Android Studio, AR Core, Firebase, Figma

- Achieved 97.6% positive user feedback indicating the application is helpful for users with little to no prior plant care knowledge, validating accessibility and usability goals.
- Survey results showed strong user satisfaction, with 57.1% rating the UI as visually appealing, 50% finding the app easy to navigate, and 61.9% willing to recommend the application to others.

Education & Certificate

College — *Bachelor of Science in Computer Science*

STI San Jose Del Monte Bulacan

Oracle Java Foundations — 2022
